

Grade 8 Camp Tradition Overview

Steveston-London has a long-standing tradition of welcoming incoming Grade 8 students into our community by inviting them to be a part of some key events. In September of every year we invite them to participate in a camp experience. Our student leaders have worked hard to create a tradition that provides the experiences that our younger students need in order to feel welcome and safe, and to be excited about joining our Shark Community. At the same time, our more senior leaders have committed to mentoring our newer leaders and to teaching them how to maintain and protect the legacy of camp and other important traditions.

Grade 8 Camp Experience 2020

This September our camp experience will be different but just as important, if not more important, than ever before. We need to begin to prepare for and plan a camp that most of us have never envisioned, one with strong virtual elements. This will require flexibility, creativity, and innovation, in addition to realistic goal-setting, on the part of our camp leaders.

Grade 8 Camp Leaders 2020

We invite all interested students currently in grades 10 and 11 to apply to help create a wonderful experience during a unique period in time. This year, more than ever, our incoming Grade 8s need the strong guidance and support of you, our student leaders. We will be accepting more applicants this year in order to have a higher proportion of leaders to work with our Grade 8s. Our Grade 8s need opportunities to meet each other, to orient themselves to our school and to connect with older students in order to embark on a successful high school journey during an unusual time.

If you are interested in applying, please complete the form and answer the questions on the following page. Please note that the information on this application may be shared with other leaders who are selected to form the Executive Team.
