SERVICE HOURS 2022 – 2023

Committee Use (Total Hours)

NAME: _____ PUPIL#: _____ GR: _____

Service Award Criteria/Instructions

Service hours may be accumulated by any SLSS student who volunteers and contributes service to the school because the outcome will make our school a better place for everyone. Hours spent managing a sports team, officiating intramurals, on Student Council, and helping organize special events such as dances and spirit days are *just some examples of service* to SLSS. If you have contributed over 30 hours of service this school year, you will be recognized with a “Service Award” certificate. If you have contributed over 90 hours of service, you will be recognized with a “Major Service Award” certificate.

All hours must be documented noting when, how many hours, what the activity was and the signature of the sponsoring staff member. For service hours that are anticipated to be completed after May 23rd, please document these in the same manner as hours already completed.

Thank you for your valued contribution in making SLSS a caring and respectful place to lead and learn!
